PERMIT NOTES:

- 1.) This IP Connect project will provide Fiber and Data service to 7550 Meridian Circle N, Maple Grove, MN.
- 2.) Begin at existing manhole, MH 8514.5R as shown. Bore new 1.25" un-armored ID with U024 fiber 65' south under Meridian Circle N. Continue to bore new 1.25" un-armored ID with U024 fiber 923' west and south to meet customer's existing CBO. Jet new U024 fiber 35' through customer's existing CBO to DMARC.
- 3.) See sheet 2 for splicing activities and location map.
- 4.) All disturbed surfaces will be restored to as good as or better condition than found condition.
- 5.) All existing underground utilities will be located prior to construction.

The subsurface utility information in this plan is utility quality level D. This utility level was determined according to the guidelines of CI/ASCE 38-02, entitled "Standard Guidelines for the collection and depiction of existing subsurface utility data. It shall be the contractors responsibility to utilize the Gopher State One Call Evacuation Notice system required by MN statute Chapter 216d for all underground utility locations.
