

Please excuse our disruption.

We're building 100% fiber optic internet in your neighborhood on behalf of Gateway Fiber.

If you have any utilities in the easements, please flag them to help us avoid damage (sprinklers, dog fences, or private electric). We will only be working within the easements. If you have questions regarding construction, please call the number below.

888-201-4339

Fairer, friendlier, faster internet is coming.

Gateway Fiber is raising the bar for what an internet experience can be. For more info about our safety and construction process, please scan the QR code below.
