

Customer is installing a retaining wall and pool. Our service wire is running in the backyard instead of out front in the ROW. We are the only utility not in the ROW. Customer doesn't recall why we would have run service in the backyard. Possibly because of the driveway?

**Task 1 - EUC Bore**  
 Bore new 1/0 triplex service from transformer "T02" to meter location at 18225 87th Ave N. The meter is located on the NE side of the house. Abandon existing service in place.

**Task 2 - Service Connections**  
 Make connections at padmount transformer "T02" and at the meter.  
 NOTE: The meter is approx 83" from ground level to mid-meter. Will need a ladder for connections.

**Task 3 - Restoration**  
 Restore ROW along bore route.

Customer - Paul Sarratori 952-239-1428  
 Designer - John Pfothenauer 763-493-1876; 612-963-3804
